How to connect to Thomas Nelson's encrypted wireless network (802.1x Authentication) using Apple iOS (iPhone/iPad)

Note: The pictures below depict iPad iOS version 10.3.3. Other versions and iPhones screens are very similar.

1. Open the **Settings** app from your home page, select **Wi-Fi**, and then under "Choose A Network" select **Employee-TNCC** if you are an employee of Thomas Nelson or **Student-TNCC** if you are a student (or are using your myTNCC account).

	Wi-Fi	
	Wi-Fi	
	TNCC-WiFi Security Recommendation	? (i)
C-WiFi Off	CHOOSE A NETWORK	
	Employee-TNCC	₽ 奈 (ì)
	Student-TNCC	₽ 奈 (j)
	WPA-TNCC	₽ 奈 (j)
	Other	

2. Enter your username and password.

Employees: use your Network login & password

Students: use your MyTNCC login & password

Enter the password for "Student-TNCC"

Cancel Enter Password Join

Cancel Username
